

Why should a woman be a '+1' in a man's health insurance?

Introducing

HEALTH POWHER

A health insurance designed specifically for women.

#DontBeAPlus1

Introducing a health insurance policy thoughtfully designed for women.

Women's bodies, health needs, and health problems are very different from men's due to differences in their body composition, hormonal fluctuations, reproductive system, and other physiological factors.

But surprisingly, most women - whether wives, mothers, or daughters - are typically added as a '+1' in a man's health insurance policy, a practice that has been common, yet it overlooks this reality.

HEALTH POWHER serves this need and offers comprehensive coverage for women-specific health issues, including reproductive health, breast health, gynaecological health, hormonal health, bone health, and mental health. It empowers women to not settle for any health insurance where they are treated as mere add-ons.

Why should you choose HEALTH POWHER?
